ATTENTION

For technical reasons, end elements and end recamieres can only be combined with each other.

The versions with intermediate table incl. lighting, socket, USB connection and inductive charging station require a direct power connection. (no rechargeable battery possible). However, the relax function is possible with a rechargeable battery.

🔌 Variants are available electrically and optionally with a rechargeable battery.

🔧 Variants with a corresponding note are delivered disassembled for weight and technical reasons (assembly instructions are enclosed).

DIMENSIONS

A wall clearance of 53cm is required to operate the relax function.

All dimensions are approximate and may vary slightly.

A wall clearance of 35cm is required to operate the relax function of the recamieres with intermediate table.

SUPPLEMENTARY EQUIPMENT

Z60 headrest electric

STORAGE BATTERY 0920

The external storage battery makes the furniture cordless. The simple handling with a plug connection and the small and easy-to-use charging station speak for themselves. Available in silver and anthracite. Recommendation: battery cover in matching cover.
